HEARTWELL	2
Team Record 3-0	
Championship Game 7	
All pitchers eligible	
D1 MON 10 AM	
BELLFLOWER	0
Team Record 2-1	
NOT NECESSARY	
Tie-Breaker Game	
If both teams	
have 3-1 records	
Pitching eligibility	
determined from game 7.	
D1 MON NOON	

White Group

Team Record 2-1	
Championship Game 7	
All pitchers eligible	
D1 MON 10 AM	
Team Record 2-1	

Blue Group

2nd Seed Team	
Record 2-1	
Game 7	
All pitchers eligible	
D1 MON 10 AM	
3rd Seed Team	
Record 2-1	
Game 7 Winner	
Championship Game 8	
All pitchers eligible	
D1 MON NOON	
1st Seed Team	
Record 2-1	

After the completion of all pool play possible results.

	Tournament Champion	RED Continue Play	WHITE Continue Play	BLUE Continue Play
Team with Pool Play Record of	3 - 0	3 - 0	2 - 1	2 - 1
Team with Pool Play Record of	1 - 2	2 - 1	2 - 1	2 - 1
Team with Pool Play Record of	1 - 2	1 - 2	1 - 2	2 - 1
Team with Pool Play Record of	1 - 2	0 - 3	1 - 2	0 - 3

If a team has a record of 3 - 0 and all other teams have a record of 1 - 2, the team with the 3 - 0 record will be the Tournament Champion.

In the RED grouping: The Team with a 3 - 0 record will play the team with a 2 - 1 record. If the team with the 2 - 1 record wins game #7 then game #8 will be played as both teams in game #8 will have a 2 - 1 record.

In the WHITE grouping: The two Teams with the 2 - 1 record will play in the Championship Game #7.

In the BLUE grouping: The first seeding for the three teams with a Pool Play Record of 2 - 1 in the blue grouping will be determined on the run differential for each team in the three pool play games each team played. The total runs the team scored in their three games minus the total runs scored by their opponents in the three games will determine the run differential (RD).

Example: Team A scored 10 runs and their opponents scored 5 runs in three games, run differential 10 - 5 = RD 5.

Team B scored 10 runs and their opponents scored 6 runs in three games, run differential 10 - 6 = RD 4.

Team C scored 10 runs and their opponents scored 7 in three games, run differential 10 - 7 = RD 3.

Seeding for blue group, Team A with a RD of 5 would be first seed team, Team B with a RD of 4 would be second seed team, and Team C with a RD of 3 would be third seed team. After using the run differential if two teams remained tied, the team winning in head to head competition will advance to the position of first seed team. In the blue grouping the teams seeded two and three will play game 7 with the winning team advancing to the Championship Game 8 and playing the first seed team from the pool play in the Championship Game. In the Championship Game all pitchers are eligible.

Bobby Sox 2A Memorial Classic

Record 2-1

After the completion of all pool play possible results.

	Tournament Champion	RED Continue Play	WHITE Continue Play	BLUE Continue Play
Team with Pool Play Record of	3 - 0	3 - 0	2 - 1	2 - 1
Team with Pool Play Record of	1 - 2	2 - 1	2 - 1	2 - 1
Team with Pool Play Record of	1 - 2	1 - 2	1 - 2	2 - 1
Team with Pool Play Record of	1 - 2	0 - 3	1 - 2	0 - 3

If a team has a record of 3 - 0 and all other teams have a record of 1 - 2, the team with the 3 - 0 record will be the Tournament Champion.

In the RED grouping: The Team with a 3 - 0 record will play the team with a 2 - 1 record. If the team with the 2 - 1 record wins game #7 then game #8 will be played as both teams in game #8 will have a 2 - 1 record.

In the WHITE grouping: The two Teams with the 2 - 1 record will play in the Championship Game #7.

In the BLUE grouping: The first seeding for the three teams with a Pool Play Record of 2 - 1 in the blue grouping will be determined on the run differential for each team in the three pool play games each team played. The total runs the team scored in their three games minus the total runs scored by their opponents in the three games will determine the run differential (RD).

Example: Team A scored 10 runs and their opponents scored 5 runs in three games, run differential $10 - 5 = RD 5$.

Team B scored 10 runs and their opponents scored 6 runs in three games, run differential $10 - 6 = RD 4$.

Team C scored 10 runs and their opponents scored 7 in three games, run differential $10 - 7 = RD 3$.

Seeding for blue group, Team A with a RD of 5 would be first seed team, Team B with a RD of 4 would be second seed team, and Team C with a RD of 3 would be third seed team. After using the run differential if two teams remained tied, the team winning in head to head competition will advance to the position of first seed team. In the blue grouping the teams seeded two and three will play game 7 with the winning team advancing to the Championship Game 8 and playing the first seed team from the pool play in the Championship Game. In the Championship Game all pitchers are eligible.
